A Clever Cossack and A Reminiscence of the Im His Horse.

Many stories are told of the cleverness of the Cossacks in obtaining what they need for themselves or horses, and all tend to show that their morality is of a different type to that of Some of the stories may possibly have been invented, but they show the general tone of feeling, and what is expected from these quaint, reckless merry troops. Passing through the streets of Galatz, the thin, weary-looking horse of a Cossack fell suddenly, and lay apparently lifeless on the ground. Its master was moved even t py fate which had not only prived him of a favorite, left him horseless just at most interesting moment of the war. A crowd gathered round, and in it were me whose kind hearts would n scription was made, and the man taking the saddle from the lifeless animal went on his wi with dried tears, for he had his feet, and with a joyful neigh joined his master, whose clever teick was much admired, by those who suffered by
